ANTARCTIC PENINSULA

The Antarctic Peninsula unravels upwards towards South America, reaching out a beckoning finger to the adventurous, who dare to explore this untamed realm. Stretching up from the heart of the world's southernmost continent, the Antarctic Peninsula lies a mere 620 miles from Tierra del Fuego and, for many, offers a spectacular first taste of the snow-blanketed landscapes and colossal ice sculptures, which make up Earth's least-explored continent. Unseen by humans until 1820 - a blink of an eye ago in relative terms - this is an adventure sure to make your hairs stand on end, as you experience the

thrill of the truly unknown and extraordinary. The vast peninsula is sprinkled with research bases, which are at the frontline of human scientific endeavour, pushing to study and understand this unique landscape, its exceptional wildlife, and the impact that humans are having on this pristine continent. Witness cathedral-sized icebergs up close, and blue-hued glaciers, slowly slipping from imposing locations like Hope Bay. Blanched mountain peaks cover the peninsula, and you'll find thousands of adorable Adelie penguin pairs thriving undisturbed in this peninsula's unique setting.

LA TERRAZZA

ON BOARD *SILVER WIND*

▶ DECK 7

On board this luxury cruise ship, a divine selection of Italy's best cuisine is served à la carte in La Terrazza.

Authentic recipes and the freshest ingredients come together with flair and passion — a flavourful expression of Silversea's distinctive Italian heritage. La Terrazza uses buffalo mozzarella from Naples, organic balsamic vinegar and olive oil from Umbria, and air-dried ham out of Parma. The Emilia-Romagna region also produces Silversea's 24-month aged Parmigiano Reggiano, while the pasta is made fresh daily on-board *Silver Wind*.
